

OVERVIEW

Welcome to Datacolor CHROMACAL™, a first-of-its-kind color calibration system for optical microscopy. **Thank you for your purchase!**

The CHROMACAL system enables researchers, scientists and technicians to establish and preserve the color integrity of digital microscopy images.

With the CHROMACAL system, you are able to:

- Standardize color reproduction in digital brightfield images
- Deliver a consistent, reliable basis for evaluation, communication, quantification, documentation and publication
- Perform both image and monitor calibration for consistency throughout the imaging process

And, the system is compatible with most microscopes, scientific cameras and acquisition software.

The components within your CHROMACAL system case include:

(A) USB drive (memory stick) containing the following software:

- Image calibration software
- Monitor calibration software

(B) Monitor calibration sensor (colorimeter)

(C) Stand for the sensor

Note: The CHROMACAL Color Calibration System requires the CHROMACAL Color Calibration Slide for Brightfield Microscopy. This slide is sold separately (re-order #10-2010).

Not for clinical diagnostic use in the U.S.

For detailed user guides on each software application,

WARRANTY INFORMATION

Limited Warranty

What is covered:

All parts defective in material or workmanship during normal usage.

For how long:

*One (1) year from date of purchase (unless your national laws require a longer warranty period in which case such longer period shall apply).**

What will we do:

Repair or replace the CHROMACAL sensor free of charge.

What does the warranty not cover:

*We will not pay service labor costs, shipping or transportation.**

Other conditions:

This warranty only covers the original purchaser.

This warranty does not cover defects or damage caused by mishandling, misuse, or disassembly of the CHROMACAL sensor.

We will not pay any kind of damages caused by a defective CHROMACAL sensor, including consequential or incidental damages.

Our total liability is limited to the purchase price of the CHROMACAL sensor (not including taxes and shipping charges). Some jurisdictions do not allow the exclusion or limitation of incidental damages, so the above limitation may not apply to you.

Implied warranties are limited to the duration of one (1) year from date of purchase. Some states or countries do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. For EU countries, EU or other regional law applies.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or from country to country.

**For countries of the EU, the warranty period is two (2) years, including labor costs, shipping and handling.*
